10.44

Biarkanlah tangisan yang menjadi bukti kejujuran hubungan ini

Dan biarkanlah udara malam dingin mengeringkan sisa air mata yang tak terhapus.

Berikanlah aku waktu untuk menata semua kembali seperti semula,

Seperti aku belum mengenal cinta dan merasakan pedihnya luka karna dia.

21.39

Selain kamu,
Siapa lagi yang bisa aku cintai?

16.51

Akan selalu ku genggam jemari ini hingga waktu berakhir,

Akan selalu ku ingat janji yang pernah kita utarakan,

Akan selalu ku percaya pada rasa yang telah kita satukan,

Izinkan aku untuk memperpanjang cerita kita,

Cerita yang akan kuceritakan pada keturunan kita kelak.

Fallinleaves,

02.28

You say, you'll love me for the rest of your life.
But, I'm too stupid,
Forgot to ask,
Is it in this life? Or the next life?

20.21

What else could i do besides waiting for you?

00.03

Kamu ga beda jauh sama badai;

Datang dan pergi meninggalkan bekas yang teramat dalam,

Kehancuran.

Bedanya,

Justru, kehadiran kamu yang aku harapkan.

Perasaan

Aku benci untuk mengatakan ini semua,

Aku benci untuk mengatakan bahwa aku memiliki perasaan ini,

Aku benci pada diriku yang dengan bodohnya jatuh untukmu,

Aku benci dengan diriku yang telah jatuh berulang kali padamu,

Aku benci dengan diriku yang tak pernah menyerah untuk kembali jatuh padamu,

Aku benci dengan diriku yang selalu menghiraukan rasa sakit ini,

Aku benci dengan diriku yang selalu menganggap semua akan baik baik saja,

Aku benci dengan diriku yang selalu optimis pada hubungan kita,

Aku benci dengan diriku yang selalu percaya akhirnya 'kita' akan bahagia,

Aku benci dengan diriku yang terlalu memaksa ini,

Maafkan aku atas rasa ini,

Maafkan aku terlaku menyukaimu,

Maafkan aku terlalu ingin bersamamu,

Maafkan aku selalu ingin di dekatmu,

Maafkan aku,

Maafkan aku atas segalanya,

Seharusnya, aku tidak boleh memiliki perasaan ini,

Seharusnya aku bisa mencegah sebelum semuanya terlambat,

Seharusnya aku bisa menahan ego aku,

Seharusnya aku tidak jatuh padamu,

Seharusnya aku tidak jatuh terlalu dalam,

Seharusnya aku menyadarinya sejak awal,

Seharusnya aku tau, kita tidak akan pernah ditakdirkan bersama,

Maafkan aku,

Maafkan aku yang terlalu menginginkanmu,

Maafkan aku karna rasa ini terus bertumbuh,

Aku berjanji,

Aku akan pergi dari kehidupanmu,

Aku harap kamu bahagia,

Walau tidak bersamaku.

Aku tau, ini kalimat yang ter'*bullshit*' yang aku bilang,

Namun percayalah, aku benar benar ingin melihatmu bahagia.

Walau jauh dalam lubuk hatiku,

Aku masih menginginkanmu.

Rasa

Salahkah bila aku menyukaimu?

Salahkah bila aku menyimpan perasaan untukmu?

Salahkah bila aku berharap padamu?

Salahkah bila aku menunggumu?

Salahkah bila aku menginginkanmu?

Salahkah aku di matamu?

Tolong, beri tahu aku, apa yang harus aku lakukan?

Apa yang harus aku lakukan agar kamu membuka sedikit ruang untukku di hatimu?

Tolong, beri tahu aku, apa yang harus aku lakukan?

Tolong jangan bilang padaku agar aku menjauh, aku tidak bisa.

Tolong jangan beritahu aku untuk menyerah padamu, aku tidak bisa.

Tolong jangan beritahu aku kalau kamu menganggapku sebagai teman, aku tidak bisa.

Tolong jangan beritahu aku kalau kamu sudah menjadi milik orang lain, aku tidak bisa.

Katakan aku egois, tapi aku benar benar tidak bisa,

Sekeras apapun aku berusaha untuk tidak menyukaimu, aku tidak bisa.

Sekeras apapun aku berusaha untuk menutupi rasa ini, aku tidak bisa.

Sekeras apapun aku berusaha untuk tidak cemburu, aku tidak bisa.

Sekeras apapun aku berusaha untuk menjauh, aku tidak bisa.

Sekeras apapun aku berusaha untuk tidak peduli padamu, aku tidak bisa.

Aku hanya berharap, perasaan ini segera berlalu seiring berputarnya waktu,

Aku berharap rasa ini memudar secepat mungkin,

Karna aku,

Tak dapat lagi menahan rasa sakit ini.

Karna aku,

Tak dapat lagi memendam rasa sakit ini terlalu dalam.

Karna aku,

Tak dapat lagi untuk menahan rasa kecewa atas segalanya.

Karna aku,

Tak dapat lagi untuk menahan rasa hancur akan impian ini.

Karna aku,

Hanya berharap suatu hari nanti aku dapat berhenti berputar dan keluar dari lingkaran perasaan yang tiada ujung ini.

Love,
Fallinleaves

Christmax Eve

Malam ini,
Sama seperti malam sebelumnya.
Sendiri, sepi, sunyi,
Itu semua aku rasakan.

Tidak ada yang berbeda dari malam sebelumnya.
Malam yang kulewati tanpa rasa, tanpa warna.

Besok Tuhan Yesus lahir.
Besok, hari dimana ribuan tahun yang lalu, ia datang kebumi.
Memberikan segenap harapan, segenap rasa dan segenap warna.

Ia datang, menebus segalanya.
Memberi sebuah cahaya kecil yang terang.
Ia datang, ia datang dengan kasih sayang.
Ia datang, memberiku kehangatan yang tak pernah ku rasa sebelumnya.

Malam ini, untuk kesekian kalinya,
Aku merasakan hadirNya dalam hidupku.

Tak pernah lepas dari kasihNya,
Terima kasih atas kehadiranMu.

Aku, dengan segenap hati, jiwa, dan raga,
Berterima kasih karna Engkau selalu ada untukku.

Midnight Thoughts

Here i am.
In the midnight of my day,
Still thinking about you.

Hello there,
I'm still wishing that you never let me go.
But you did, you let me go.

Maybe i'm so naive.
No, i'm not going anywhere, it's you.
You left me in the light you made.
Alone.

You never know,
How hard my day without you by my side.

I'm missing you every single day.
And i felt fool of it.

Baby, you always ask me to stay,
And I did as you asked.
But why you left me?

It's hard for me to understand.
I really have no idea to whats going on.

It's like you made a warm sunshine through my ice heart,
And you,
You succeed.
It melts.

But why?
Why you gone after it melts?

I can't handle this, baby.
I can't.

I'm not used to this.

All i know is that the warm sunlight made it melts,
But now,
Now all the sunlight is gone.
Just left my cold melted heart.

What should i do baby?
What should i do without my sunlight?

It is true to be like this?

I have no way to get back.
I couldn't makes my heart back into ice.

You broke that ice walls.
And now it's not just melts, it's broke into pieces.

All broke into smalls pieces cause you have gone.

I know,
You never mean to leave, right?

But, it happened.
You gone.

You left me,
For forever.

surat untuknya

Halo kamu,
Iya kamu yang lagi baca ini.

Apa kabar?
Semoga selalu baik.

Aku ga tau kenapa aku bisa nulis kek gini.
Barangkali, aku gatau gimana cara untuk bilang ke kamu kalo aku syg kamu secara lgsg.
Jadi pake nulis deh.
Hehe.

Iya, aku suka sama kamu.
Kamu yang aku rindu setiap hati.
Walaupun ketemu setiap hari.
Ternyata suka orang ngerepotin ya.

Gimana ga repot juga,
Tiap hari kangen mulu.
Pengen selalu deket deket.
Tapi, aku tau, kamu udah milik orang lain.

Maafin aku kalau selama ini aku ngeganggu kamu terus, terutama mencoba untuk mencari kesempatan biar bisa deket.
Beneran maaf banget ya.

Aku tau aku salah.
Tapi, setidaknya aku berusaha kan?
Walaupun semua usahaku sia sia.

Yes, i know from the start kalo kamu udh punya pcr.
Ya, aku juga tau aku sedikit memaksa.
Mungkin bukan sedikit, tapi banyak.

Mulai dari ngobrol setiap hari.
Ngechatin kamu setiap hari,
Ga mudah lo buat aku buat cari topik
Apalagi, kamu yang suka ngehindar dan bales lama.
Padahal, kamu on.
Dan aku tau itu,
Aku maklum kok.
Kamu gamau cewe kamu marah.

Aku beneran kinta maaf kalau seandainya kamu pernah ribut sm cewe kamu gara aku.
Iya, aku tau, aku jahat.
Disini, aku cuma tokoh antagonis yang berusaha dapatin kamu.

Tapi, satu hal yang harus kamu tau.
Kalo aku juga manusia.
Aku juga punya perasaan.
Aku hanya perjuangi apa yang aku ingin perjuangi.
Ya, walaupun cara aku salah.
Tapi kamu tenang aja, aku bakalan pergi kok.

Maaf ya, selama ini,
Aku selalu berusaha mempertahankan obrolan kita.
Baik online ataupun offline.
Beneran deh, cari topik itu susah.
Tapi untuk kamu, it's okay.

Aku tulis ini bukan buat kamu terharu,
Aku nulis ini biar kamu tau,
Kalo aku dari dulu udah ada perasaan sm kamu.
It's hard to say like that, but it's true.

Well, walaupun baru kenal beberapa tahun,
Tapi aku senang bisa kenal kamu.

Aku senang bisa liat senyum itu.
Alis tebal kamu, hidung mancung, dan juga rahang tegas tapi pipi chubby kamu!
Hampir setiap hari wajah kamu hadir di bayang bayang aku.
Seram si tapi mau gimana lagi coba.

Andai aku bisa pilih untuk siapa aku akan jatuh,
Mungkin semuanya ga akan seburuk sekarang.
Aku tau aku salah.
Seharusnya, dari awal aku sadar kalau kamu terlalu sulit untuk digapai.
Tapi emang akunya maksa,
Dan sekarang aku hrs terima konsekuen. Yakan?

Aku harus bisa tanggung jwb sm keputusan aku sendiri kan?
Karna aku tau kamu ga suka cewe childish.
Makanya aku berusaha jadi cewe yang responbility.
Karna cewe yg responbility itu cewe yg dewasa kan?

Aku tau akuu beneran terkesan memaksa untuk bisa sama kamu.
Well, ga bisa aku pungkiri dan hianati aku sendiri kalau aku mmng mau kamu.

Dan sekarang, aku harus pergi.
Beneran pergi.
Dan untuk yang terkahir kalinya.
Aku mohon.
Aku mohon kalau permintaan terakhir aku kamu turuti ya.
Untuk pertama dan terakhir kalinya aja.

Karna kamu ga pernah mau turuti permintaan aku.

Sebelum aku pergi,
Aku pengen banget kamu bahagia.
Karna bahagia kamu itu prioritas aku.

Ya, walaupun sejujurnya bahagia kamu adalah sakit untuk aku.

Aku mohon setelah aku pergi jangan pernah lupain aku.

Pokoknya permintaan aku kamu ga bole lupain aku.

Aku ga mau tau.

Kali ini aku beneran maksa.

Kamu ga bole lupain aku.

Ga peduli di ingatan kamu itu aku penghancur hubungan kamu sm dia, orang ketiga, cewe matre, cabe, ataupun cewe sejenis lainnya.

Aku benar benar ga peduli dalam ingatan kamu aku tuh cewe seperti apa.

Yang aku ingin, kamu tuh selalu ingat sama aku walaupun aku udah ga di deket kamu.

Oh ya.

Satu hal lagi.

Kamu hrs tau ya.

Aku sayang kamu.

Selalu.

Ga peduli kamu itu punya orang lain.

Karna sayang itu universal dan tak terbatas kan?

Karna itu aku selalu sayang kamu walaupun kamu ga syg aku.

Makasi ya udah pernah hadir di sebagian besar pikiran dan hati aku.

Makasi udah menjadi duniaku selama beberapa tahun terakhir.

Selamat bertemu di kehidupan selanjutnya!

Aku sayang kamu.

P.M thought

Sebisa mungkin aku berusaha,
Menyingkirkan segala perasaan iri ini.

Sebisa mungkin aku menghindari,
Segala rasa dengki ini.

Memang ini terlihat mudah,
Tapi sebenarnya ini tak semudah yang kalian lihat.

Aku juga manusia biasa.
Dengan segala perasaan buruk dan baik juga.
Iri dan dengki ga bisa kuhindari gitu saja.

Rasanya aku telah berusaha mati matian untuk menahan semua rasa perih ini.

Aku juga cewe,
Aku juga punya perasaan.

Aku udah berusaha.

Tapi,

Aku gagal.

Dan untuk kesekian kalinya,

Aku tetap berusaha.

Walaupun aku tau aku akan tetap gagal.

2.11 P.M

Melihat cewe di luar sana,
Rasanya sulit untukku untuk menerima semua yang ada padaku.

Sebisa mungkin, aku berusaha untuk menerima semua kurangku dan berusaha mencintai segala yang ada padaku.

Selama beberapa tahun terakhir,
Aku menahan segala yang aku inginkan.

Travelling, makeup, clothes, shoes, bags, perfumes, and everything.
Segala hal yang seharusnya seorang cewe miliki, aku tahan itu semua.

Ga mudah bagiku untuk menahan hasrat itu.
Rasa ingin memiliki itu semua.

Bukan, bukan aku ga mampu untuk itu semua.
Tapi, aku tau,
Aku bukan tipe orang yang hidup di masa ini.
Aku orang masa depan.

Seseorang yang menahan yang seharusnya untuk masa ini demi nasa depannya.
Ya, walaupun tidak adanya kejelasan untuk masa depanku.

Tapi, aku sudah janji kepada diriku sendiri,

Aku harsu bisa tahan ini semua mungkin untuk 7 sampai 8 tahun kedepan

Untuk apa?
Untuk aku. Diriku sendiri.

Aku hanya ga mau, dimasa depan nanti,

Aku menjadi seorang yang tidak mampu.

Untuk itu, biarkan aku menjadi orang yang tidak mampu di saat ini.

Tapi, engga untuk masa depanku nanti.

Aku cuma ingin kalian semua tau.

Betapa sulitnya bagiku untuk berusaha ga iri dengan orang di luar sana.

Travelling, barang branded, restoran mewah, pacara kaya dan segalanya yang mereka miliki.

Ya, aku akui,
Aku iri.

Iri dengan kehidupan mereka.

Tapi aku janji,

Janji di masa depan nanti, mereka yang akan iri dengan kehidupan aku.

Aku hanya sebuah jiwa dari ratusan jiwa lainnya yang hanya ingin membuktikan bahwa roda itu selalu berputar, bukankah begitu? Apakah aku salah?

Aku ingin buktikan ke mereka semua, bahwa perjuanganku selama ini bukan hanya seperti hamster yang berlari di tempat.

I made movement.

I moved.

That's all.

23.30

Orang bego mana yang mau nungguin orang yang jelas jelas ngebuang dia.

Bagaikan sampah yang udah ga di pake,
Dicampakkin gitu aja.

Bahkan,
Ngebuang ke tong sampah aja ga mau.

Dan dengan bodohnya,
Lo nunggu dia buat mungut lo balek.

Bukan hanya itu,
Lo masih berharap kan, dia bakalan mungut dan masukkin lo kembali ke saku nya?

Jangan bego!

Gaada orang yang mau ngejilat ludahnya sendiri yang udah dibuang.

Bahkan, miliknya sendiri aja dia gamau,
Apalagi lo yang cuma sekedar sampah bagi dia!

And here i'm.
The trash with thousand hopes that you will pick me up and put into ur warm pocket.

12.32

Dia aku yang kutunggu,

Tak lagi sama.

Dia telah pergi,

Meninggalkan semua kenangan ini.

Memori antara diriku denganya telah kandas.

Tak ada lagi arti bahagia bagiku.

Semuanya telah sirna,

Bahagiaku telah pergi jauh,

Meninggalkan aku disini sendiri.

15.50

Aku tersadar,

Bahwa selama ini,

Aku memandangmu dengan caraku sendiri.

Aku begitu mengagumimu.

Bahkan,

Aku begitu menyukaimu.

Dan selama ini juga,

Aku tak pernah sadar,

Walaupun kita berada di bawah langit yang sama,

Kita tidak pernah berada di suatu perasaan yang sama.

23.55

Hariku bersama mu telah habis.

Waktuku telah selesai.

Sudah saatnya kita berpisah,

Selayaknya perpisahan lainnya,

Aku akan mengatakan selamat tinggal kepadamu untuk yang terakhir kalinya.

Rindu yang tiada ujung ini akan selalu menyertaiku.

Tawa dan candamu akan selalu dibenakku.

Sentuhan dan usapanmu akan selalu ku ingat rasanya.

Perpisahan ini bukan yang pertama,

Tapi tetap saja rasa sakit itu tetap ada.

Akan ku kenang setiap rasa dan memori kita.

17.28

Rasanya mengerikan ketika hidup kamu dipenuhi bayang bayang masa lalu.

Memilih untuk melanjutkan hidup itu berat,

Serpihan bayangan itu terus menghantuimu.

Berjuang untuk masa depan itu sulit,

Untaian rantai masa lalu yang selalu terikat dikepalamu menolak untuk dilepaskan.

Rasa benci pada diri ini membuatku sakit.

Pertahanan ini akan runtuh,

Kedamaian yang diciptakan perlahan akan pecah.

Dendam akan mengambil alih,

Benci akan semakin berkorbar.

Keterpurukan ini akan berakhir tergantikan oleh manisnya tawaran iblis.

Kepahitan yang selama ini dirasakan,

Perlahan terbuai oleh kesenangan yang tiada taranya.

Sekali lagi,

Dendam ini takkan lagi terpendam.

Pembalasan akan segera tiba,

Bersiaplah untuk pergantian roda yang akan kau rasakan pedasnya.

She

Today, she told me some old stories.

I never thought that she has passed such a painful life,

She suffer by herself,

Standing in the middle of the chaos,

Alone,

By herself.

She survived.

She made it,

She become stronger and stronger,

Faced and passed that critical point of her life.

I never knew that she suffer this all alone.

I'm sorry.

Sorry that i ever hurted you that much.

Her beautiful and powerful soul will last forever,

In my mind.

She never knew too,

She never knew that she could be that strong,

She deserved it,

She deserve happiness more than anything.

00.13

Kemarin,

Aku melihatmu,

Lagi.

Untuk yang kedua kalinya.

Rasa rindu ini tak bisa lagi kubenam.

Rasa hilang selalu hadir menemani sunyinya malam ini.

Sekejap, perasaan aku hancur.

Jarak memisahkan kita,

Rasanya jauh.

Kamu begitu tak tergapai,

Melihatmu membuatku bahagia.

Lantas, apakah bahagia ini akan selamanya?

Tidak.

Mungkin,

Besok, lusa,

Atau mungkin hari ini,

Bahagiaku pergi.

23.51

Aku akui, sulit bagiku untuk melihatmu dengannya.

Rasa ini sudah berubah, tak sama lagi seperti pertama kali kulihatmu.

Waktu merubah segalanya,
Aku mulai nyaman dengan keberadaamu dihariku.

Entah sejak kapan perasaan ini menjalar, cemburu menghampiri dan mengetuk pikiranku.

Mungkin dulu, aku akan biasa saja melihatmu dengan yang lain.

Tapi sekarang, seakan ada seonggok batu besar dalam diriku yang menimpa saat melihatmu dengan yang lain.

Dimataku, kau sudah berubah dari anak kecil yang tampan menjadi seorang pria yang mapan.

Aku tak lagi melihatmu dengan cara yang biasa lagi,
Diam diam kau telah bertahta dalam hati kecil ini.

Tapi, aku tidak bisa mengakui kepadamu.

Bukannya malu,
Namun, aku takut untuk melewati garis itu,
Garis yang sudah kita ukir selama beberapa tahun ini.

Kamu miliknya dan aku terlalu nyaman untuk merubah segalanya.

Resiko besar itu,
Aku belum berani menghadapinya.

Biarkan semuanya tetap seperti ini,
Itu sudah lebih dari cukup bagiku.

15.35

Kembali kurindukanmu

Dengan segala yang kamu miliki.

Senyum hangatmu,

Matamu yang berbinar

Saat melihatku.

Senja.

Senja memenuhi memoriku bersamamu,

Saat senja datang,

Kamu akan selalu ada disampingku,

Memelukku hangat,

Dengan senyum indah yang selalu terukir disudut bibirmu.

Lenganmu yang mendekapku,

Deru nafas yang selalu terdengar merdu,

Kini pergi terbawa oleh angin.

Seolah, selama ini

Kamu hanya sekedar bayangan bagiku.

Apakah salah jika aku menginginkanmu walau kamu hanya hadir dalam imajinasi semata?

21.46

Ketika malam datang,

Angin dingin berhembusan,

Dan aku disini.

Berdiam diri diruanganku.

Masih sama dengan malam sebelumnya,

Melihat album kenangan dalam ponselku.

Begitu banyak foto yang membuktikan bahwa

Kita pernah bahagia,

Walau sesaat.

Dikala malam datang,

Dan aku sendiri,

Aku menemukan diriku selalu tenggelam dalam memori indah itu bersamamu.

Berusaha menemukan diriku yang baru,

Menghapus semua jejak yang kamu tanam.

Pelangi menari diatas langit,

Hujan tak lagi berjatuhan.

Ada kalanya,

Aku berhenti meratapi hujan,

Dan mulai melihat indahnya pelangi disaat kau tak lagi disisiku.

Kamu

Bahkan,

Aku tidak menyadari,

Saat aku bersamamu,

Aku tak lagi menjadi diriku,

Terlalu bahagia untuk kembali menjadi diriku.

23.40

Kamu tidak sempurna.

Jauh dari kata sempurna.

Tapi, kamulah yang aku inginkan.

Aku rindu padamu.

Rindu dengan canda tawamu yang garing,

Rindu pada setiap ucapanmu yang tulus,

Rindu pada tatapan matamu yang intens,

Rindu pada senyumanmu yang mendebarkanku,

Juga rindu pada setiap sentuhan yang tak sengaja.

Kini, kita telah terpisah.

Kamu dan aku,

Bagaikan lebah dan bunga.

Kita sama sama memiliki pilihan yang banyak,

Akulah bunganya dan engkaulah lebahnya.

Aku selalu menunggu,

Setiap lebah yang hinggap padaku,

Aku berharap itu kamu.

Namun, semuanya semu.

Kamu tak pernah kembali untukku.

Kamu memilih berkelana,

Mencari yang lebih baik dariku.

Dan aku, pada akhirnya tetap memilih setia padamu,

Memilih percaya pada janji yang pernah kau utarakan.

Aku tetap menunggu,

Hingga....

Aku lupa,

Bahwa waktu terus berjalan,

Meskipun terasa lama.

Hingga akhirnya,

Aku layu.

Keindahan yang kupancarkan

Sirna termakan oleh waktu.

Penantianku sia sia,

Karna kamu tak pernah sekalipun kembali kepadaku.

23.49

Semua terasa baik baik saja.

Hingga suatu saat,

Kata itu keluar dari bibirmu;

Aku capek.

00.53

Badai datang

Dan kau,

Kau lepaskan genggaman kita.

23.39

Mungkin dulu,

Waktu dan jarak menjadi masalah besar bagi kita.

Namun sekarang,

Pertanyaan demi pertanyaan datang menghinggapiku.

Namun hanya satu yang aku tak mampu menjawabnya hingga sekarang;

Apakah, kamu dan perasaanmu tetap sama seperti dulu?

14.42

Akan kurelakan segalanya kembali

seperti awal ku belum mengenal mu

08.37

Haruskah kuulangi lagi kesalahan ini?

Ataukah, aku membiarkanmu pergi saja?

23.27

Aku marah,

Kecewa,

Kesal,

Benci.

Semua rasa itu menjadi satu.

Namun,

Seringkali aku lupa.

Aku tak punya hak atas semua rasa itu,

Karna aku,

Tak pernah jadi bagian dari dirimu,

Meskipun hanya bagian kecil dari gambar besarmu.

12.52

Dulu, saat menemukanmu dilorong ini,

Aku senang.

Akhirnya, lorong kesedihan dan kesepian ini akan lenyap,

Tergantikan oleh lorong bahagia dan kasih sayang yang kita ukir bersama,

Melawan hawa dingin di lorong ini.

Dan entah mengapa,

Kamu pergi.

Setelah aku sadar akan semuanya,

Aku telat.

Aku hanya menyesal atas kebodohanku.

Aku menyesal bahwa aku begitu telat untuk menyadari satu hal;

Ternyata bukan hanya aku yang melewati lorong ini

Dan aku benar benar kecewa atas semua kebenaran ini;

Kamu lebih memilih dia, yang baru kamu temukan disela perjalanan hangat kita.

Kamu lebih memilih mengambil selimut ini dan pergi untuk mengejar dan memberi kehangatan padanya.

Aku tau,

Seharusnya dari awal kusadari,

Aku bukan tempat kamu berpulang.

Andai aku sedari awal tau,

Luka ini tak akan separah ini.

21.39

Tidak ada **kalah atau menang** *dalam cinta;*

Yang ada hanya **berjuang atau menyerah.**

08.57

Kamu selalu lupa bahwa aku akan selalu disini,

Dan bahkan kamu lupa bahwa kamulah yang mengajariku untuk tetap disisimu.

20.33

Ternyata, selama ini aku salah.

Aku kira,

Kita selalu memandang langit yang sama.

Nyatanya, kita berada di bawah langit yang beda.

Pada waktu ini,

Diriku sedang melihat matahari terbenam,

Menyinari sebagian langit,

Warna jingga terlihat jelas di depan mataku,

Awan abu abu yang menggantung,

Sebagian terbawa oleh warna terang,

Sempurna.

Itu yang aku rasakan.

Namun, bagaimana dengan hati ini?

Memang, mataku selalu tertuju pada langit ini,

Namun, hati ini selalu terhanyut dan terbawa oleh arus tentangmu,

Yang sekarang sedang memandang langit malam gelap.

Selama ini,

Kita memang tidak pernah memandang dan menikmati hari dan langit yang sama.

14.17

Padang pasir ini begitu luas,

Matahari sangat menyengat,

Kurasakan sinarnya menembus diriku,

Hawanya terasa panas,

Setiap inci diriku terasa begitu hidup,

Sekaligus hangus.

Sama seperti dirimu,

Membuatku terasa nyaman sekaligus menerkam.

20.44

Matahari kala senja itu begitu indah,

Bersembunyi dibalik gunung ke tempat sediakala.

Kamu yang duduk disamping aku tak kalah indah,

Pancaran matahari menghidupkan matamu,

Kilatan cahaya hangat terpancar.

Tak lupa rahangmu yang begitu indah,

Rambutmu ikut menari oleh kencangnya angin,

Desiran nafasmu masih terdengar disela angin.

Aku begitu merindukanmu.

Sangat.

19.16

Suatu saat,

Gunung es pasti akan meleleh.

Tapi,

Hati kamu,

Belum pasti.

15.07

Kamu manis, aku suka.

00.51

Aku selalu sadar akan apa yang aku lakukan,

Termasuk membiarkan kamu melukaiku,

Lagi dan lagi.

00.30

Take me go

To wherever you go.

17.13

Wish you okay

It's enough for me

12.25

This anxiousity try take myself from me.

00.27

Jiwa ini telah lama pergi,

Meninggalkan aku dengan pikkran kosong.

Jangan renggut lagi hati ini.

Ku takkan mampu menahannya untuk lebih lama lagi.

Kumohon,

Selamatkan aku kali ini.

20.14

Bagaimana perasaan mereka,

Jika aku mengatakan bahwa aku akan mengakhiri hidupku?

Sedih? Tidak.

Bahagia? Tentu.

Itu yang mereka inginkan dariku.

Jiwaku.

18.55

Nyatanya,

Hati ini tak pernah berhenti berdebar untuk kamu.

Dan lagi,

Kamu menjadi alasan utama

Hati ini berdebar dua kali lebih cepat.

18.37

Banyak hal yang ingin kukatakan padamu.

Segalanya.

Segala tentang diriku.

Tentang perasaan yang beberapa tahun ini aku rasakan.

Tentang sakit yang masih membekas,

Dan juga tentang kehidupan yang pernah kujalani.

Aku ingin berbagi,

Denganmu.

Kau tahu itu.

Namun seketika,

Kamu bungkam.

Dan pergi meninggalkan aku

Dengan cerita yang belum sempat kusampaikan.

09.15

Aku kira,

Selama ini aku ga pernah minta yang macem macem

Aku rasa aku ga pernah minta dibeliin tas mahal,

Baju mewah,

Handphone bagus,

Laptop canggih,

Sepatu berjuta juta,

Karna aku sadar,

Kalian harus menyimpan lebih banyak untuk masa depanku nanti.

Tapi, apakah kalian sadar secara perlahan, kalian menyakiti aku?

Bahkan, kalian sudah terlalu mengekang.

Ataukah cuma aku yang terlalu egois?

Selama ini, aku sudah merasa aku udah menjadi anak yang baik.

Aku tahu dan aku sadar

Aku membantah setiap kalimat yang kalian lontarkan.

Tapi, apakah kalian sadar?

Walaupun aku membantah, aku tetap melakukan sesuai yang kalian perintahkan.

Bahkan, sampai usiaku yang telah menginjak dewasa,

Aku tetap jalani apa yang kalian komandokan.

Tapi, kalian tidak pernah sadar itu.

Kalian selalu menggagap aku salah dan aku kurang baik.

Entalah,

Aku sudah merasa bosan untuk terus begini.

Berputar dalam lingkaran yang sama tabpa bisa keluar dari zona nyaman itu.

Aku selalu merasa aku sudah cukup baik.

Aku tidak pernah keluar malam seperti anak lain.

Apalagi mabuk mabukkan dan berfoya foya.

Aku juga tidak pernah yang namanya punya teman yang lebih dari teman.

Semua hanya sebatas teman.

Kau tahu,

Aku sudah menginjak fase dewasa.

Dimana, sudah saatnya aku tahu apa itu yang namanya lebih dari sekedar teman.

Tapi kalian melarangku,

Dan aku patuh.

Aku hanya ingin kebebasanku seperti yang lain.

Punya kehidupan sendiri,

Bukan seperti ini.

Pilihan demi pilihan yang ada didepanku,

Kalian yang memutuskan.

Aku lelah.

Lelah karena kalian terlalu memaksaku untuk menjadi apa yang seharusnya aku menjadi,

Bukan menjadi apa yang benar benar aku ingin menjadi.

Yang terkadang itu terlalu menyakitkan bagiku untuk menerima fakta

Bahwa aku tidak pernah bisa menjadi diriku sendiri,

Aku tak akan pernah bisa mengambil keputusanku sendiri.

Kalian terlalu mengontrol hidupku.

Aku benar benar tidak ingin hidupku tidak ada artinya.

Hidup bagaikan robot itu menyesakkan.

Hanya bisa berdiam tanpa melakukan apapun kecuali yang diperintahkan.

Itu menyakitkan.

Sangat.

23.25

Mungkin aku terlalu takut untuk mengakuinya

Dan mungkin juga aku terlalu takut dan lemah untuk mengetahui kebenarannya.

Selama ini kamu disisiku,

Menemani hari hariku.

Semuanya begitu indah dan bahkan nyaris sempurna.

Aku sudah terlalu melekat.

Melepaskanmu terasa sangat berat untukku.

Beban ini,

Entah kapan kubisa merelakannya.

Pergi,

Beserta dengan penyesalan terberatku.

22.18

Bolehkah aku menyandarkan diriku sebentar pada tubuhmu?

Aku lelah.

00.17

I'm sorry that i brought you to my own problems.

Drag you down to the deepest sea to be with me.

With this all darkness, cold and loneliness.

I never meant to do this.

But, i have to.

I'm tired to done all of this.

Alone.

I'm sorry.

Sorry that there is no way back to the way before all of this.

I'm truly sorry about all the mess i've made.

I'm sorry.

I'm sorry that i never regret or wanna turn back time.

You have to know that you are the best gift that ever drown.

I know that ego control me too over.

But, believe me,

I'm truly sorry and feel bad about this all.

All the time.

Feel insecure, anxiety, anxious.

Afraid that one day you will left me.

Back to the way who usually i am.

But, still thankyou for your presence.

It means alot for me.

Thankyou.

23.24

Ain't it funny when people wanted to be like you?
They always have a thought that my life is pretty and perfect.
They wanted to have what i had.
Do what i done.
Life never that easy, little girl.
You just don't know how i struggle before i am what i am right now.
You don't realize that i survive from little unexpected bad gifts life gave to me.
I am so done.
I fucking done to all shit,
I try to ignore all shit and focus on myself,
Take control of myself.
And this happening, babe.
I am what i am today.
Giving no shit to everything make me happier than i used to be.
All you see right now is only the happy moments.
You never see the dark sides of my life.
If you see my past, i guarantee, you not gonna want life like mine.

01.39

Kau tau,

Aku tak pernah memilikimu.

Sekalipun.

Fakta bahwa aku begitu merindumu sendiri

Membuat aku kecewa.

Kau bercerita,

Kau tersakiti untuk kesekian kalinya.

Kamu mulai beranjak dewasa,

Kau mengerti apa itu kecewa.

Kamu bercerita,

Kamu terlalu takut untuk percaya.

Melihat kamu begitu tersakiti membuat hatiku teriris.

Salahkah aku bila aku menyukaimu?

Seharusnya kamu melihat aku.

Lihatlah aku,

Tolong,

Berhenti.

Berhenti mengejar dia yang menyakitimu.

Aku disini.

Aku selalu disini.

Aku akan selalu ada untukmu.

Dan aku tak akan pernah menyakitimu.

Tapi, kamu tak pernah sadar akan kehadiranku.

Waktu berlalu terlalu cepat.

Rasanya baru kemarin aku mengenalmu.

Namun nyatanya,

Enam tahun telah berlalu.

Perasaan ini tetap sama.

Kamu selalu hadir menjadi bayang bayang.

Bayang bayang yang selalu melekat.

Aku tak akan pernah bisa melihat yang lain.

Kau tau itu.

Aku terlalu menyukaimu.

Tolong, beri aku kesempatan.

Sebelum semuanya terlambat.

00.03

Nobody knows how it feels.

Broken heart.

It just something you can't really explain.

So many things run in your mind.

Too many.

You just get confused and not feeling well at the same time.

Your heart just say that is something you missing.

Something that you can only feel, not explain.

Sometimes, it hurts

And sometimes, it miserable.

I hate this kind of feeling.

I hate it when i found myself almost dying.

Dying and realize that i'm still alive.

23.08

Nyatanya,

Aku tak pernah tahu sampai kapan kebahagiaan ini akan bertahan.

14.16

Just tell me if u guys dont want to be my friend anymore.

I dont mine at all.

Just tell.

Im too tired of all this shit.

Pretending that im fine when u guys exclude me from conversation,

Faking that im okay when u guys always leave me alone.

Im tired.

Lets stop this all.

Let me be alone for this whole time.

It hurts and i cant stand for this anymore.

The truth is i give up.

I just dont want this kind of feelings.

Not to be loved by anyone.

Let me be alone.

For forever.

I would go.

Go to places u guys wont find me.

I'll go to place where god would hold me and never let me go.

Let me find peace.

Let me free.

02.50

Some things are better left unsaid

00.57

Nada nada itu terdengar familiar di telingaku

Semuanya terasa beda dan sama

Apa yang salah?

Perasaan ini susah untuk dijelaskan.

Sakit? Entalah, hati ini tak lagi seluka dulu

Kacau? Mungkin.

Setiap lagu itu diputar,

Perasaan sama ini terulang kembali.

Aku tidak tahu bagaimana menggambarkan perasaan ini.

Rasanya seperti hampa namun ada yang tertinggal.

Entalah,

Mungkin suatu saat aku akan menemukan jawabannya.

12.42

Mengapa kita harus saling melewati disaat kita tahu kita punya perasaan yang sama?

22.46

Masih adakah jalan untuk kita? Atau segalanya hanya tinggal cerita?

17.08

Recently, i found out that i love to look at the sky.
Look at how the cloud moving away.
And realised how beautiful it was.

17.49

But what if we are not meant to be? What if everything we have now just temporary and one day i lose you?

22.59

Deep in this sadness ocean, I'm all alone.
The darkness i ever seen and felt feel calm.
There is no chance to find a zenith,
I'm way sink too far away from the surface.

This wide ocean feels like home.
Another side of home,
Cold and dark.

Come and find me.
But, did you know?

Ocean can't be explored like sky.
Complexity all around.

Just don't dare to.

23.41

I'll always hold your hand even when you lose your way.

16.45

Did i ever exist?
Or just like the air? Exist but **invisible**

00.56

Would you lay down with me tonight?
Cause I'm all alone

20.59

Kamu layaknya kopi manis;

Manis diawal,
Pahit diakhir.

11.18

Sudah lama air mata ini tak mengalir,
Biarkanlah malam ini ia banjir.

00.34

Kepada : pemilik hati

Tolong jangan buat jatuh,
Sakit tau!

Dari : hati yang lemah

17.18

Tak bisa kupungkiri,
Sejak pertama kali mata kita bertemu,
Pandanganku tidak pernah lepas darimu.

Magnet dalam dirimu menarikku terlalu kuat,
Seakan dua buah kutub yang berbeda bertemu untuk yang pertama kalinya.

Dan entah apa yang membuat aku begitu yakin,
Kamu adalah bagian dariku yang hilang dan kembali ku ketemukan.

14.24

Could we just go back from the very first day we met,
When our eyes met and we fell for each other,
Deeply madly in love with each other.
No pain, no tears and no hurts.

It feel like all this time we just hurting each other,
Again and again everyday.

Is this the end of our story?

23.26

It was beautiful,
It once was.
Remembered those time,
Midnight,
The night skies sparked,
Showed us the flickered light,
That was irresistibly wonderful.

That day,
You asked me to be yours,
Under the night skies,
We danced and sang on our own,
Snow fell for the first time in that year,
The timing was great,
Your eyes locked mine,
I captured every smile and glance that came out from your lips and eyes,
It was beautiful.
They were beautiful and undeniable.

Wind blew over our body,
We both felt cold,
We were.
But then, we just hugged each other,
I felt the warmth that spread throughout my body,
I bet you felt the same.
We both felt the same,
Once.

Under the dark skies,
The stars witnessed our happiness that time,
Moonlight shined bright,
You looked amazing.

You looked incredibly fine and perfect.
I saw sincerity inside you,
I saw what people can't see from you.
You still look amazing, even today.
And even when you're not mine anymore.

22.24

You make me feel safe and comfortable at the same time.
But, do you feel the same when I'm around?

18.18

I was ten when i lost myself

23.06

Apakah tujuan kita selama ini hanya untuk saling **menyakiti**?

00.02

This room are getting narrow as you walked out

23.23

Some parts of me wanted to run,
But some of them too tired.
Is this what we need to faced everyday?

00.30

Dulu, saat ingin menangis,
Aku akan nangis.

Namun sekarang,
Saat aku ingin menangis,
Air mata ini tak lagi bisa mengalir.

Aku yang sekarang hanya ingin menjadi lebih tegar,
Karna aku tau,
Jikalau aku yang menangis,
Siapa yang ada untuk dia?
Siapa yang akan menjadi tempat dia mencari?
Siapa yang akan menjadi tempat ia curahkan segala isi hatinya?
Jikalau aku menangis,
Dia akan lebih hancur.

Untuk itu, aku putuskan,
Biar aku yang menjadi tempat pelarian dia,
Biarkan aku menjadi tempat ia menuangkan air matanya,
Biar aku yang membantu ia menghapusnya juga.

16.20

They said when people often make you sad constantly,
You would feel less sad and less pain.
But why?
Why when the more they let me down, the more sadness and sorrow they gave me,
The more i feel pain.
This wound become bigger and bigger.
Somehow i know that it will never be healed.
By anyone or anything.
But at the same time,
I know, i can't bear this pain any longer.

00.05

Skies are infinite
But my love are not
Lucky you loved by me for long time

16.36

Aku baru sadar
Ternyata ada banyak hal yang aku cintai selain kamu
Selama ini,
Aku kira aku akan kehilangan diriku disaat aku kehilangan kamu
Namun, aku salah
Tenyata,
Aku bisa bahagia tanpamu,
Terlalu banyak hal kecil yang terkadang aku lupa bisa membuat aku senyum.
Mungkin, kehilangan kamu membuat aku sedih,
Kehilangan kamu bisa membuat aku down.
Tapi, diluar sana,
Ada hal yang bisa membuat aku lupa bahwa aku kehilangan kamu.
Menghabiskan waktu dengan mereka yang bisa membuat aku tertawa,
Membuktikan padaku bahwa diluar sana
Banyak yang mencintaiku dan membutuhkanku
Lebih dari dirimu.
Aku sadar, bahwa masih banyak orang yang membutuhkanku dan butuh kasih sayangku lebih dari kamu.
Terima kasih sudah datang dan pergi
Sehingga aku tau betapa pentingnya diriku.
Seberapa berharganya diriku.
Aku hanya ingin bilang,
Aku baik baik saja tanpamu.
Maksudku, aku jauh lebih baik tanpa dirimu.
Aku jauh lebih menghargai setiap napas dan setiap detik yang aku punya,
Aku jauh menghargai dan mencintai setiap inci dari diriku,
Aku lebih memberi harga pada diriku,
Pada setiap kerja keras serta segala sesuatu yang telah ku

perbuat.
Aku senang,
Senang ternyata aku mencintai diriku lebih dari yang aku tau,
Terima kasih pernah hadir dan menjadi bagian dari ceritaku.
Sampai ketemu lagi!

13.07

I could manage anything and everything
But you,
You far beyond my control.
And i won't control you.
I'll let you go wherever you wanted to,
It's better for us
I guess.

02.24

Baby, is it wrong to fall with someone who already has a lover?
But, how can i know that i would fall for him?

03.11

He said i love you
Then he left

She cried over and over again
And forgot to love herself

He didn't mean to leave her
But he did

She managed to forget him
But she can't

How can two person who once loved each other
Suddenly become stranger?

09.37

You wouldn't stop till someone gets hurt,
Am i wrong?

22.27

But baby, my heart kind of rotten away
I won't blame you
But i know
You are responsible for that

20.13

Katakanlah,
Aku akan melupakan segalanya,
Melupakan dunia ini,
Percayalah,
Hanya kamu yang ingin ku ingat.

08.48

You break my heart and leave
Like nothing ever happened.

06.30

Kamu tertawa saat aku mengatakan aku sayang kamu
Kamu tertawa,
Seakan setiap kata yang keluar dari bibirku adalah candaan semata.

20.55

Karna memang,
Tidak ada yang akan mengerti rasanya seperti apa,
Walau memiliki pengalaman yang sama,
Namun tetap saja,
Mereka tidak akan pernah bisa memahami apa yang kamu rasakan.
Rasa empati dan simpatilah yang mereka berikan.
Namun tahukah?
Bahwa apa yang kamu butuhkan bukan itu.
Hal tersebut hanya akan membuat kamu merasa terkasihani dan tak berdaya.

Bagaimanapun juga,
Hanya kamu dan dirimulah yang mengerti apa yang kamu inginkan.

11.18

Tell me when you're done with her

11.43

She knows what she wants

20.44

There's always a periodic of time where,
I don't believe in anyone.
Friends, enemy, relatives, family and including myself.
Ironically, that periodic of time happened every day.

21.25

They say,
What was happened is my fault.
It's not fair when your feelings hurt too
But they blame you
They blame to protect their selves.
To make you feel useless
To make you hate yourself
And that's what they did.
And now i did.
I did hate what i am today
Always.

00.12

I've seen thousands of leaves fell.
But, i've never seen yourself fell for me.

21.05

It's kinda hard to realise what important for you in life
The priority you had now are not gonna be the same again.
What you love, hate, like, passionate would never be the same.
Time changed and it changed you.
Everything would just left behind as memories.

21.42

Hey, listen!
I'm super tired to what had happened to me,
To my life.
Just give me a second to breath normally.
Im just so fcking enough of this shit!

15.25

Pejalan kaki berlalu lalang,
Mobil terus melaju,
Namun ku tetap disini,
Di perhentian ini menunggumu,
Hatiku terasa hampa,
Kosong,
Dan dingin.
Entalah, entah apa yang telah kamu lakukan padaku,
Entah apa yang telah kau perbuat,
Yang jelas,
Aku merasa sepi tanpamu.

17.44

Never been this happy when i'm with someone else besides you.
Can you stay till the end?
Hold my hand like you want it forever,
Hug me like you don't ever want to let go.
Finding you is the first best thing that i ever done
And to love you would always be my favourite thing to do.

13.29

Be someone who depend on brain
Not mouth

20.47

His eyes captured me from the very first time we met,
His smile charmed as always
Even until 'we' became past.

01.25

I guess today just another for me
Another day,
To figure out everything like what i used to do.

17.57

It's been a long time ago when i feel loved.
The strange feelings started to appeared again,
I know.
I know what is this weird things,
And i know,
I know it's gonna end the same way like before,
Just like how this all begin.

07.11

In fact,
I'm a glass that you can see through,
But can't ever be accessed.

18.15

You tear every part of me,
You even left them scattered around like trash.

You don't even care,
Im telling,
what you broke is an innocent soul.

11.40

I'm just like heaps of leaves,
When wind come,
They would scattered around,
Make a big mess to everyone.

They have no direction to go,
They follow to wherever the wind take them.

Somehow, you would know that they are free
But the thing you don't understand is that
They are not an entity anymore.

22.04

Now, I know for who I did all of this.

And somehow I wish they know why I did this and at the same time, they proud of what I've done.

I have particular reason why I struggle alone.
I don't want to be labelled as hero.

I just want they know how important are them for me.
I did this because i love them,
More than i love myself.

I wish I never let them down,
I wish they understand when I failed,
I wish they knew that i tried my best,
I wish they would always love me despite all this weakness,
I wish.

02.15

I'm giving up on you
Will you stop me?

03.14

Have you ever wonder why
There always a state of time where
You are being neglected by person you love?
Is that because you are not good enough?
Or because he find someone greater?

22.21

It feels weird when you go home
But the people not there,
It is weird,
For not having them around.

23.27

I can never deny the fact that i missed the old days,
I kept wondering when will the time come back?
I missed the old days,
When everything still on the track.
I missed old days,
When everything still side with me.
I'm just lost the excitement of living my life,
I'm just being enough of stuffs.
Can i take a long rest?

15.56

I love long rides
I love how it helps me forget about time,
I love how it works effectively,
At least for me.

The car's window open widely,
I sucked all the fresh air,
I keep telling myself that this is what i want,
What i always wanted to be.

But when it runs out of petrol,
I keep thinking that,
This is not the way,
I could never ever can escape,
From what people called reality.

But, is there any shortcuts?
For me? For this lost soul?

00.40

I don't do yours
I do mine

15.11

How it feels like?
Fallin over and over for someone who don't even know you are there,
Someone who don't know how to love,
Hurt is it?
But who can stop you from the feeling?
Even you don't know how to stop or to control
Even for a minute.
It sounds cliche
But it's true.
It is true that i love you.

20.14

Can you tell me how can i survived?
It's my only goal. But, what if i failed?
Should i set another one?
How can i set another one?
Even if the easiest i couldn't passed?
What should i do?
Cry over it? I've done it.
Even before i started to fail.
Consequences are consequences.
She told me i've done my best,
But why? Why couldn't i reach it?
Am i not good enough?
Or i am haven't try hard enough?
Am i such a failure?
I guess so.

17.46

You don't know how i desperately want the answer.
Why? Just why?
Leo and virgo would never ever fated to be together?

11.58

It's Saturday,
And I supposed to have fun,
But i don't.
It's pretty ironic cause I'm here all alone,
Worrying about things that i should have not to worry about.
Crying over and over,
Trying to tell myself that
I have to be better person,
For everyone, including myself.
I keep trying and i keep falling.
It hurts, you know, it hurts.
It really does until a point where,
I try to give up on everything.
Trying to let go of everything.
But why it's hard to let go?
My mind keep telling me that I'm betraying what my heart want.
As a grown up person,
I tried hard enough.
I know, it's never be enough. Never.
Sorry that i always lie to myself.
I don't like coffee cause i will feel nauseous whenever i consumed it.
But i keep consumed cause i know,
I have to be awaked. Didn't I?
Sometimes, insomnia also come after me,
It's scared me sometimes.
Crying will make me feel better,
And it does.
I would probably be a cry baby,
It drives me crazy if i don't.
I'm sorry that I'm not mature enough.
You know, it's hard to explain everything I've been through.

I know, out there,
There are a pool of people who gone through worse than me,
I know.
But,
I just don't know how to express it.
I just wanted to say,
Not everyone has the same level of pressure tolerance.
Don't compare yours with other.
You wouldn't know what a depressed person would do next.
It may takes their life.
Cause a depressed people just wanted to let go, but they can't.
And they will take the easiest yet the most cruel way to end everything.
And i hope i could stay awake and not lose my mind,
Even though i know someday i will.
It's scary.

08.27

Out of nowhere,
He appear again.
Like lord, are you kidding me?
Three days row?
Alright I'm gonna tell you.
So, the first day right, probably last Thursday,
I saw a very good looking and attractive man, maybe?
Okay, since this is Asia,
It is rare to see foreigner here, I mean in my uni.
Then, when I waited in school bus stop,
He walked pass me with his friends.
Alright, he got my attention cause he is super tall, like i know my bro is 1.8m and he even taller man! Other than that, he don't have that Asian face and i think he is quite good ok? I mean his face, his fashion sense and his voice!!!!
Omagatt his voice just like kind of comfortable,
You know not that baritone voice and not like girl voice,
So it's kind comfortable for me at least.
Okay, based on my observation right, i guess he live here for quite a long time,
Cause his English is not British or America accent , but,
But Asia accent!
Alright.
That's the first time i saw him.
The next day after class,
I usually go to bus stop with one of my friend.
And that day, my friend wanted to go to ATM and usually,
Usually i would accompany her, but that day,
I don't know why i told her i want to go first.
And when i walked out from the uni to the bus stop,
I saw him again!
Again man! What a coincidence right?
He came from across and i guess his class started at 12,

maybe? Cause i got morning class that day and finished at 11.30 , the next class at 12.

Okay, fyi, our ini have class in 8.30, 12, 3.30, and 7.
3 hours every class.

Okay, i thought, yeah, we are in the same uni
So I couldn't neglect that the possibility to saw him often is big.
It's not a big deal then.
However, today, i saw him again this morning.
Okay I'm not an eavesdropper, but
The first time I met him, we waited for the same bus
And when the bus came,
I stand in front of him and his friend.
And I could heard they talked about lecturer if I'm not mistaken.
So i thought, he is in uni, not diploma.
Okay, more info again, I'm in diploma, what a shame!
Alright, back to topic.
Then, today morning.
Okay, more information again,
Alright, I know this is too much info,
When i take bus to school right,
I would wait and see which bus is less people and i'll take that bus.
So, I did this , this morning.
So, the first bus came and there are pool of people there,
So i decided to take the next bus, which is came in 5 seconds.
After that,
I thought I'm safe right, cause the few next stop is MRT stop which is the most crowded place especially in the morning,
Every single uni human would wait there.
Okay, at first I'm so happy cause I'm in the safe zone, which is in the bus behind

And it means all the people in MRT would take the first bus not the bus I take.
It's not I don't like crowded but it's not comfortable to be around people that I know would stop at the same uni with me.
Weird. I know.
Okay, then
Suddenly,
The damn driver overtaking the first bus,
And technically, it means my bus became the first bus and this bus would full, gais!
And as i expected, there are so many human waiting for this damn bus come,
And this is it! The bus stop and the first person enter is HIM!
Such a coincidence again, huh?!
Actually I didn't notice at all, like
I saw him and feels familiar but have no idea he is the one i met yesterday and the two days ago.
Until then, he stand and I saw his face again,
I realised and I have no guts to look at his face again!
Just count I'm a coward haha!
I just can't look at stranger continuously, kind of awkward lol
Then, I take lift to the cross bridge and he takes stair.
And he arrived first, and I walked faster cause I almost late.
And when I walked pass him, basically him and his friends la! 3 of them actually
You wouldn't believe,
He smell fcking good.
Damn man!
Then, i walked faster and faster to the uni,
Take lift again to fourth floor and
I thought I'm safe cause I don't see him
At least, I wouldn't be in the same lift with him.
And when the lift almost close, suddenly his friends press lifts button and the door open and I saw him at the back gais
So, I stand in the front corner of the lift and he came in

And why the hell he stand right at my back.
Alright, this time I have guts and I saw his shadow from the glass of lift door.
Okay,
I have to admit he looks so fine, like his skin not so white, like, tan?
I don't know but his smile is cute.
And then, he walked out as the lift stop at the second floor.
And I'm all alone in the lift after that.
That's all guys my super not important story lol
Just feel a lil bit off cause how can I saw him 3 days in rows.

21.37

Im really happy
Just like a real happy
I dont know
Meeting new people
And know how supportive they are even we just met
Its make me more grateful
I still have the chance to know others better
I have chance to know myself
I have chance to learn more
Im just really grateful for today
Its a great decision i guess
Even if i dont have the chance to go to second interview
But its fun
Its a tough day
And worth it at the same time
I just wanted to thank god

That he always have better plan for me
Always give me opportunities and chances
Bring me a colorful life
I would never regret for what i have done today
I really really really and really grateful for every single day
Thankyou god

15.27

Please take all this sadness and sorrow away
I cant live like this anymore
Its painful and frustrating at the same time
This society makes me feel useless
I start to doubt myself
Doubt my value
Insomnia
Overthinking
Pressure
Stress
Everything just come and haunt me
Im more like insane
Is it who am i?
Is it what i deserve?
Is this all what it have to be?

11.05

My back hurts so much
It's been 4-5 days
I endure it
Cause i thought it'll get better
And yes it is,
But not completely fine.
Just a lil bit better.

My mind go insane,
And i thought it'll get better too as the time goes on.
But it's not
Not even a little
Ironic is it?
It's been years
I kept endure it.
Hoping i could recover soon.

19.25

Lebih baik kehilangan diriku daripada aku harus kehilangan mereka yang aku cintai
Bukannya aku tidak mencintai diriku
Namun cintaku pada mereka jauh lebih besar
Aku selalu berusaha menjadi lebih baik untuk mereka
Selalu melakukan segalanya untuk mereka
Aku harap mereka bisa selalu di sampingku dan menemaniku
Aku tak ingin semuanya menjadi memori
Hapuskan segala rasa kecewa dan sakit ini
Aku berharap kerja keras ini akan terbalaskan
Ataukah aku berusaha kurang keras?

11.11

I promise
I would stand by my feet
I know it's hard
At the same time, i know
It's achievable.
I just need to work harder, didn't I?
Maybe everyone think that I'm too ambitious but, they haven't seen the black and white side of this life like I did.
All they saw was colourful life,
Life that brings happiness and little sadness to them.
They don't know how this life works.
Only some can survive and I
Give all my respect to them.
Thinking about what I might become in the future often drive me crazy.
All the pieces suddenly become a completed puzzle.
The image might be blurry but I remember the message clearly.
It's just matter of time, doesn't it?

02.13

Put so much effort on this,
But you seem don't like it at all
Do you I'll just spend my time and energy just like that?
Is it that I'm not important anymore?
Well, I'll show you.
I'll show you how could I become when I don't care anymore.
I'll show you what it's like.

01.25

She said she would be stronger
She said she could do it alone
She said she become braver
She said she is able to compete
She said she gain the feelings
She said she love to do it
She said she can maintain it
She said all these shits before
Until one day
She finally realised
She needs help.
She just can't stand alone,
But she didn't told anyone

23.21

To the time
I've wasted this whole time,
I wish i could cherish and value you more than i've done.
Supposed to treasure you better

00.41

To be honest with myself,
There's a lot I want to tell everybody about
But then,
I know it clearly that nobody would care anyway.
Everyone just busy with their own life, problems and goals.
I just played a tiny role in their life,
I'm not someone special.
And would never be.

Sometimes, I need them to understand
Understand and be here with me.
This loneliness just too empty
All these nonexistent of me need supports.

23.55

When everything goes wrong,
All i wanted is time.
Time to rethink, time to calm, time to slow down,
Time to re-evaluate, time to find mistake,
And of course time to find my value.
I believe that everything would be okay at the right time.
It's just the time haven't arrived yet,
Be patient, and it would come

00.05

Seminggu terakhir ini,
Aku rasa, aku bersikap berlebihan
Ke diri aku sendiri.
Aku emang termasuk orang yang super overthinking,
But this time
I don't know, I don't understand
Aku lebih dari overthinking
Ngerti kan maksud aku?
Iya, aku udah overthinking orangnya but now, i become more than overthinking.
Aku banyak pikiran yang ga seharusnya aku pikiri and now,
I feel nothing at all.
Literally at all.
Bahkan aku berpikiran buat pengen sendiri terus,
I mean, hell no! Aku tau aku butuh seseorang buat ada disamping aku seperti teman teman lain,
at least they know how it felt like to have someone for you.
I need that one person who will always be there for me, no matter what, even when I'm in the wrong path.
But now, aku gatau kenapa aku berpikiran pengen sendiri terus, i guess that just me with every problems and issues I faced.
Everyone know i need a man. I need someone.
I desperately need someone.
Is this what desperate people think?
They need someone and that someone not or can be said never come, so that they think it's better to be alone.
It's just I'm not being lonely or what, but i also wanted to know how it feels like.
Having someone that can be place to hid when you have nowhere to run,
Having someone that can care about you all the time, love you no matter what, be there with you, hold your hand when

you weak, gives you all his heart and body when you need him,
I just wanted that experience.
Looking back into my past,
I just realised that i've never ever met a man that would care for me, for my life unless my family member.
I feel sorry for myself.
I always looked at the mirror,
Wondering which part of mine that makes no man ever wanted me.

00.06

He promised me, we'll be the happiest couple on the world.
He promised me, we'll always fall for each other.
Then the time has arrived,
All the promises became past.
All the words that i've been living for, gone.
He left me.
With all these sorrows.
All the sentences he once said is just an undone action and i knew,
It can never be done by him.
Since you left,
Why don't you take all these sad emotions together?
Are these your farewell gifts?
Time would not return,
I knew.
I knew from the very first moment,
You are impossible.
And i knew, I'm stubborn.
And that's why now I'm here.

09.32

It felt strange to have this mixed feelings
It's anger and disappointment
It hurts.
Knowing someone you adore and admire for so long,
Reject you maybe?
Not even a rejection but it still hurts.
I promise.
This would be the last time,
This would be the end.

12.15

Promise that i won't complain
About anything to anyone again.
I promise.
They start to hate me,
They find me annoying.
Im sorry.
But, i promise.
No worries,
From now on,
I'll keep everything to myself.
Promise that all of you not gonna hear my complain anymore.

11.37

I always feels like all human beings deserved more than second chance,
But then,
It comes to my realisation that not everyone deserved it.
Not many of them valued the chance given, they tend to ignore and didn't take it seriously.
They thought, they would be other chances, Which is true.
But, have they consider the person's feelings who gave them the chance?
Have they consider if that one particular chance is the best?
They did not.
They take it easy.
You only live once.
They live by that quote, but never truly understand the meaning behind it.
It's scary to see how people complain about every single things in their life, but never appreciate and be grateful for what they already had.
It feels wrong,
And it felt like that.

22.50

There's tons of things that you would feel hard to deal with,
But little you know,
For me personally,
The hardest part is to deal with yourself.
What your brain thinks of and what actually your heart wants, is different.
I tried to think rationally, in sense that i should have done what i supposed to do,
Not what i really have done,
Or you can called it regrets.
Everything i've done, I've achieved feels wrong.
You would probably think I got issues,
My mental health got problems,
But it's not thats all.
I do have emotions
I do have what others have
But, I don't have the courage to admit that i was weak.
Im not what people think i am
Im not that good.
Im not that great.
Everything was wrong.
Can i change a thing?
The only thing that I really has been asking for years
I know im not good enough
I know im human,
I did mistakes.
But, how long this all last?
Im tired of everything.
Im tired of being tired.
Im tired of being useless.
The question mark on my head getting bigger.
There's so many unsolved cases about me.

About who am I
About where and when i could find me.

01.01

Tangisanku pecah,
Tidak ada hal lain yang bisa aku lakukan,
Hati ini perih,
Irisannya begitu dalam,
Entah apa yang harus aku katakan,
Kamu tau kamu begitu berarti bagiku.
Kepergianmu membuat hatiku berkali lebih sakit.
Rasanya aneh.
Kamu yang selalu disampingku,
Kini terganti dengan rasa rindu yang mendalam.
Kehadiranmu yang aku nantikan
Tak jua kunjung datang.
Berat,
Rasanya beban di hati ini akan terus bersamaku,
Aku harap kamu akan kembali,
Mengukir cerita lain bersamaku.
Aku butuh kamu,
Aku harap kamu mengerti.

02.16

I finally understood
Finally knew that I'm not the only one
Im not standing alone
And i know,
I would be fine.
I really hope that they would also.
We all deserve it.
We deserve happiness,
In our own way.
No need to compare,
Cause we all different.
We all different in different way,
I hope we all eventually found out
Why God gave us this life.
I hope we all found our happiness.
I truly hope we all can meet again
And say that we all finally happy with our life.

Love,
Fallinleaves

02.47

We don't have to be necessarily fine every time, right?
I mean, sometimes we messed up.
Sometimes we missed out things.
We are not weak,
We just, still flawed human being.
No matter how we improved, we still flaw.
Still imperfect.
That's what make us human.
Stop whenever you feel tired,
Take a deep breath and continue again.
You don't have to run every single second,
Take your time,
Take a break.
There's so much you need to see.
Filled up your days with ur love one.
Spend more time with them, create what people called memories.
You don't have to understand now,
But you will later.

23.36

Don't we grow?
All of us did.
Every single day.
But, why can't we understand that
We often make things complicated.
You say,
You'll be here, always.
Guess you're wrong.
You're gone when i need you the most.
I need you,
And you say you're busy.
You're too busy with ur world.
You didn't realise you've left me behind.
You're too busy to catch ur dreams.
Your hand are just too busy to hold everything else but,
Not me.
I'm still here honey, still here.
I need ur help cause I'm stuck,
But i guess
You forget that I need you.
You are all i ever wanted.
But, I cannot keep up with ur pace,
Let me stay behind you,
And hopefully when you fall,
I'm there, catch and never let you down.

23.39

Truth is nobody would care how would you feel.
Sounds egoistic, but that's the fact.
Nobody ever cares.
But, you should.
For your own sake.
Don't put ur expectations too high,
Set it lows as possible,
So u won't get hurt.
Hopefully.

00.21

Middle of the night
And yet, still had you on my mind.
Those eyes and smiles made me insomnia,
There's no way to forget bout you.
"You're beautiful" this couple of words,
Do you still remember them?
I used to say it out loud,
Let the world know, how beautiful and amazing you are as a human being.
I'm still stuck with you on my mind,
Or both of us do?
Missing you like crazy,
Felt like I need some medicines to clear my head,
From your shadow.
Don't you feel tired?
Running all the day on my head?
Cause I'm pretty tired baby,
I'm tired to never stop hold on your absent soul.

23.53

For people out there,
Yes, for all of you that are struggling,
I hope next year will be better.
All dreams and hopes come true.
And for lover out there that are still fighting for your true love,
I wish that your love will be reciprocated.
For those who found soulmate with different religions,
I wish you can through it all together.
I wish your parents will eventually accept it.
For all humans out there,
I appreciate your hard work and let's get some time to thank yourself for being brave and strong.
Give yourself a pat and hug.
You deserve it.
Proud of ya!
Keep going and maybe tmr will be ur day!
Fighting!

22.32

Friendship.
Used to have it and happy with the fact that we're good friend.
We once said those little promise,
Won't forget and keep in touch, always.
Things changed, of course.
We all are getting busier and busier with our own life and somehow forget, we've made those promise.
Ignoring each other for days,
Just because of little misunderstanding.
Thinking back bout it, it seems a lil bit funny cause we used to have each other back
And now, we're gone,
Gone to the meaning that we had not even a single text anymore.
We used to have midnights chats and calls.
Remember you told me everything.
I guess, now,
I became a subject to a story that you told the others now.
Feels strange.
But this is what we are all now, aren't we?

13.47

Dear God,

Tahun baru kali ini rasanya begitu kacau ya?
Baru aja permulaan tahun and something big hit this world.
Yes, the corona virus.
Berita yang begitu menggemparkan sekaligus menakutkan.
I never thought that something like this would ever happened, again.
Teknologi begitu canggih, and there's nothing people can do bout this virus, they havent found a way to cure it.
It's pretty sad.
Some of them said ini ulah US and some of them blg laboratorium China yang kebobolan, I guess?
Hahahahaa.
But I dont give a shit to the reason all the shit that has happened.
Kalo memang benar ini karena politik, I hope mereka ga setega itu untuk membunuh orang" yang ga bersalah.
They just being super egoistic.
How can u kill somebody that u dont even know, it's so psychotic.
You know, aku cuma ingin menyuarakan pikiran aku dengan lewat tulisan ini,
At least this is what i can do with these issues.
It's pretty sad cause as per today data, udah beribu orang yang meninggal even though banyak orang juga yang udah recovered.
They say, we should look at the bright sight, but how can i not sad if i knew that there's thousand or even hundred thousand people suffering,
Im proud,
I'm really proud with all doctors, nurses, ambulance drivers and all of them that standing in front of the line despite the

facts that the virus could easily attack or even lodged in their body and the worse part is they should left their own family behind.
Aku bener" bangga dan respect dengan kemuliaan mereka.
Aku bener" bergarap isu dan penyakit ini akan segera berkhir.
Sudah banyak korban yang berjatuhan. Sudah terlalu sadis.
My heart broke into pieces everytime I heard news talking bout this disease.
I hope everyone will stay safe out there, especially WuHan,
Hope everyone will be okay.
Hope God give them strength and always be with them,
Always protect them.
Every single of them.

22.36

It's been a long time since the last time I felt this way.
Two and half month has passed.
Today, this feeling came again.

'Hi there, old friend! How have you been? It's been a long long long time before you started to haunt me again, isn't it?'

The feeling of being unwanted by everyone including my own self just terrified me every time.

I'm tired of being terrorised by this insecurity.

I'm not broken, I'm not pieces like what they said.

You don't have to say out loud that I'm imperfect.

I do know, I know that I'm just a flaw human.

Don't raise your voice when you telling me that I'm not good enough, that I kept repeating my mistakes.

You don't have to understand everything, really, you don't need to.

I know and I understand my mistakes, my imperfections, my flaws.

I really really wanted to change this all if I could, but unfortunately I can't.

You don't have to know that I tried to improve myself, you don't have to appreciate what I've been through or what process and progress I took.

Human, will always be human.

There's no black or white. Everything is grey.

No one would know what defines right and wrong.

Your perceptions matter to me, maybe. But I'll learn to ignore it.

Self-growth they called, is what I am trying to be focusing on right now.

I know it's hard.

But the fact that I couldn't change anything of what I was born into comes into my realisation that I should accept the situation and become fully responsible towards it.

It's my choice that determine who I am, not you who defines me.

Maybe it sounds cliche that I console and say some motivational shits to myself.

But it's not.

I was trying hard to be positive as possible as I can.

I ain't wasting my life pitying things that I couldn't change, instead I'll be fighting of what I'm potentially could be, in sense that I could take better decision to change my whole life.

I wouldn't say I'm mature or wise enough for life lessons.

There's always something I could learn from shitty things that occured in my days, which we called bad days.

Things that I always learn from every single bad situations were it's okay to make mistakes. It's normal. It's normal to cry over silly things. Not every shitty things came from big problems, right?

I made mistakes and I learned from it too. You are not alone if you always made the same mistakes, if the wrong things you made or caused always the exact same things, it's normal. Not everyone is a fast learner. We just need more time to absorb it.

Take your time and you'll be fine.

Expect the worse, do the best.

You are not struggling alone.

We all are, and will always be.

The fear you felt today, was just another life story for tomorrow, right?

Goodnight people,

Keep strong and going on.

Better time is there, waiting you to approach and achieve it.

20.55

Feel so bad about myself.

Today, i've downloaded the form, saw all the requirement they're asking for.

Yes. It's a scholarship form.

Feeling tough, hard and rough maybe?

Been working these past (almost) two years maybe?
For this scholarship.

I'm not smart.
I'm not the best.
I know.

But, all this time,
I gave my best,
My hundred percent,
All of me.

The requirement was high,
So does the rumours said.

Well, it's not a rumour,
Even the school staffs said so.

Fear.
Of course.
It always presence.

What if I'm not able or not qualified to became one of them?

Cry? Surely will.

Hate myself? No other choice.

I would only blame myself for not doing well,
For not being able to get the scholarship.

I'm not even applied or submitted the data,
But sadness came too early.

I know what this feelings are,

Feelings of dissatisfaction, disappointment, mad.
All just mixed into one indescribable feelings.

Felt terrified.
Been failed for many times,
But still,
I won't help to completely erased the fears.

Less fear? I don't know.
More fear? I don't know.

I really have no idea of what will come.

This is the only dream I have now,
And if I lose this chance,
I would say,
I don't have plan B.
Most probably, I'll just reapply next year.

One month. Two months. Three months.

Time is ticking like crazy.
It's even faster than any kind of transportation I know.

I just wanted do and get the best that I could have.

Sounds so egoistical,
But who doesn't want the best for themselves?

I tried.
At least I tried, right?

I really wish that I could be one of the five.

I've given all I had.
And I hope,
It'll do the same.

13.12

01.04

Masa karantina.
Yes, ini lagi masa pandemics,
Most of us stay at home, work, studies and do all activities from home.
Disaat orang lain bekerja, belajar and improved themselves in this critical moment, I did nothing at all.
All I did all day just watch videos, scroll thru my social media, found smth that may entertain me.
I tried to be productive, but I was just too lazy and less committed to myself.
I wanted to grow, just like others, to be better.
I wanted to feel useful for my family.
I wanted to be as amazing and fabulous as others.
But guess where am I?
I stuck at this shitty state where I lost control of nothing but myself.
I couldn't be as what they wanted me to be.
I feel sad.
I am depressed.
At this point of time, right in this critical moment, stress was just seems very normal to everyone else, everyone struggles, economics get worse.
But I am here, worried about things that I shouldn't be worried about.
Not necessarily worry but more to stressed out a lot.
A LOT.
I hate when all of my insecurities strike in to my soul and deep to my bones.
There's nothing I could do about it or could I?
Embrace yourself they said, but it's easier to said than be done, right?
How can I embrace and love myself more when you hated what you saw on the mirror?

How can you try to accept who you are when people around you are hundred times better than you, physically, mentally and intellectually.
How could you not pitying yourself? How could you not laughed at yourself?
What should you embrace when you don't have any single things to be showed off or even proud of?
Please, please tell me how?
How to even thank yourself when you did nothing right?
Be kind to yourself they said, be positive, let positivities spark on you, but how?
How could you give a positive vibes to others when you can't stop the negative thoughts about you, yourself?
How can you tell positive things and stimulates happy vibes to yourself when there's nothing, NOTHING positive that you could think of.
How?
How long should I bear with these before I end it up?
How long?
How long does it takes before I break into parts?
How long?
Or how long does it takes to change everything?
But, is it too late? Is there any chance?
I don't know.
Will the short way works better?
How can I deal with these all?
My energy running low,
And my mind keeps crashing,
Crashing to the never end circle.
It's pretty hard and I kinda give up,
Shouldn't have stop, right?

01.41

Another day another stories,
Lagi lagi aku stuck di keadaan menjebak ini.
Rasanya familiar tapi beda.
Ngerti kan yang aku maksud?
Kek bingung gitu, perasaannya gajelas dan campur aduk.
Bingung mau ngapain.
Recently, ada hal yang mengganggu pikiran aku.
Yes, it bothered me so damn much.
It's about my identity, my true self.
Aku tau kok itu normal ketika kamu mulai beranjak dewasa dan mulai mencari dan menerka" jati diri kamu yang sebenernya.
It feels like u have dug so deep but still no answer to it.
Kinda confusing and frustrating right?
That's exactly how I felt.
Felt so lost, so blind about direction and still wondering what path I am in and what's next?
What I am going to do?
Rasa takut itu menghampiri, mengetuk ruang terbuka yang kosong.
Seperti tidak ada bunyinya, tapi kamu bisa merasakan kehadirannya dan keharusan untuk menjawab pertanyaan" itu.
Jujur, kadang itu membuat aku sedikit depresi atau sedih atau takut mungkin? Entalah, aku benar benar tidak tahu rasa apa itu.
Kata mereka tidak apa, kamu telah berusaha keras, berusaha sebisa kamu, tidak apa, kata mereka.
Yes, I have to admit one thing, my scholarships application was unsuccessful, I was rejected even I got the so called perfect gpa.
The first feelings when I knew I was rejected? Of course disappointed.

And then? i felt nothing.
I felt nothing at all.
Sad? Yeah, but I'm not that sad till cry my ass out like I used to be.
Yang aku benar benar rasain mungkin feel bad about myself, dan I blamed my self a lot.
Nobody could make me feels better, not even my best friend not even my family not even any kind of entertainment and not even myself.
It got worse when I started to look down at myself, thinking where I didn't do well.
Everybody. Everybody told me it's okay. It's fine. It's alright. But I'm not.
They said I tried my best. I tried hard enough. You're good enough. They said
But why, why my application is being rejected if I'm good enough? Why the fact is contradicted to what they said? they lied to me this whole time? Or it's just me being too hard to myself?
But I know for sure, I never take myself seriously, I was just a joke. The funniest joke ever existed.
Kenapa si orang orang bilang gapapa, you're fine, gapapa lo udh berusaha semaksimal mungkin, gapapa, gapapa, gapapa.
Semuanya bilang gapapa.
But I'm not fine with that.
I'm totally not fine with the fact that I was just a form of failure.
I smiled when they said that. I made lots of jokes of myself, I just laughed my ass off just to show them I'm okay with that. Maybe this is the reason why they think I'm alright.

I'm truly sorry that I being so faked this whole time.
I'm sorry that I never let out all my thoughts inside my mind to anyone, not even here.
There's lot of things happened to me.

But, hanya beberapa yang aku share, dan itupun karna aku udah ga tahan dan gatau mau cerita ke siapa.
Lol.

It's not I dont have friends and they are not reliable but, I got trust issues.
Aku ga sedepresi itu sampe introvert banget, bukan tipe yang sok galau ataupun sok indie" gitu.

I kept all for myself. Karna aku tau, masalah aku cuma aku yang bisa ngerti dan aku yang bertanggung jawab penuh atas itu, aku bukan gamau share ke orang di sekitar but, aku nyaman begini.
Maybe, it's just my way to solve my problem.

I know that I eventually will be fine. Totally fine. It's just matter of time till I forget bout it.

But for now, it still stuck on my mind. HAHAHA

And I just wanted to thank my friends, family and anyone who always support me no matter what, I'm glad that every single of you came into my life, it's a miracle and it's the most beautiful thing that I ever got and gifted to me.
And I'm grateful that God always stays beside me, give me a path that are way more better than what I wanted and chosen.

I hope He could always be right here, deep into my heart and stuck in my mind for the rest of my time and soul.

Thankyou.

Love,
Fallinleaves.

We all have seen day skies with and without cloud
We have seen it with and without sun
And we also have seen night skies with and without both stars and moon
With lightnings and shooting stars
Without lightnings and shooting stars
But can you imagine what if there's no skies?
There's no place for sun, cloud, stars, lightnings and moon to be?
What if there's no atmosphere?
What would it be?
What will the world become if the skies gone? Disappeared completely?

Most of us enjoy and admire the components of skies, but we never appreciate the most important one right?
Seems it would be there forever, but guess it wouldn't.

00.41

Hey! It's midnight.
I was just wondering would anyone feels lost if I'm gone?
Would anyone missed or even care if I vanished?
Would anyone remember my existence?

00.46

She finally let her dream go.
She has gave up, on everything.
She used to be a happy sweet person but now, it changed .
She doesn't care anymore.
All she got is a cool personality, she doesn't care to anybody, anymore.
She changed.
She changed into a completely opposite traits of she used to be before.
She was tired.
She doesn't spark any positivity anymore.
She cried a lot.
And now she finally understood.
All she wanted was a place to speak to,
And a person to understand her feelings and situations.
She always wanted to share her stories but she was too afraid of judgment.
She was too anxious.
She was clueless.
Until one day, she finally couldn't bear it any longer,
All her dreams, all the plan she has been planning for years, all her thoughts, all of her, has gone.
She carried all the burdens, all the pressure by herself.
But now, she just can't take it anymore.
She couldn't think of a way to face it, no more.
This is a dead end for her.....
She was asking for help, but no one ever handed a hand.
Instead, they gave her more rocks to make it heavier.
She still remember those faces, she still remember how they make fun of her, how they laughed at her.
How could she forget all those painful events?
She was crying all alone in the darkness, in a cold place where only herself could understand and feel it.

She stops crying and so does her life.
They has taken it all with nothing left, including her breath.
At least now she is free.

Diaaat aku menulis ini,
Aku berada dalam ruangan ku, sendiri.
It's midnight. 1 A.M.
Aku duduk di atas kasur kesayanganku, lampu sudah dari tadi di matikan.
Aku tau, aku hanya menyakiti diri sendiri, menyakiti aset yang tak tergantikan, mataku.
Entalah apa yang terjadi belakangan ini.
Rasanya hampa.
Hujan turun sengan seras, sampai sampai aku bisa mendengarnya dari kamar aku yang terbilang di tengah. Tidak ada jendela, namun derasnya air mengalir jelas terdengar di telingaku.
Aneh rasanya mendengar derasnya hujan tanpa disertai bau khasnya.
Aku sering termenung, berkutat dengan pikiranku.
Kalo di tanya apa yang di pikirkan, aku juga tidak tahu jawabannya.
Terkadang, aku bisa menangis tanpa rasa sedih, entah mengapa.
Air mata itu tiba tiba saja sudah mengalir.
Sungguh, ini berat rasanya.
Entah apa yang ada di benakku, entah apa yang aku pikirkan.
Banyak hal kecil yang bisa membuat aku senang dan sedih sekaligus.
Banyak yang ingin ku katakan pada dunia, pada manusia yang hidup dalamnya.
Namun, semua hanyalah mimpi belaka, aku tau aku akan terus menyimpan apa yang kurasakan.
Ingin rasanya berbagi, namun terlalu sulit untuk percaya.

Lots of things going on my mind,
Kinda wondering whether I'm kind enough to everyone I met or not.
Wondering of how people see me as a person, as a human being.
Wondering of whether I'm fun enough to be friend with or not.
Wondering of would they interested in me or not.
So much and too much to tell you about what's in my mind.
I couldn't sleep at night cause I overthink.
I really wanted to know how people see me, how they feel about me.
I'm so stressed out bout these little things.
It's bothering me so much.
It bothers me so damn much when someone takes a long time to reply my text, it felt like I'm doing something wrong or I'm not good enough so they try to ignore me.
It's hard.
It's really hard for me to not overthink cause it's been my job this past few years.
I don't want to overthink something, I really don't but it always crossed my mind and it couldn't get out of it.
It drives me crazy and I kinda lost my mind.
I need more time even I know I have whole time for myself, but it just seem not enough for me.
I wanted to heal myself.
I wanted to quit thinking bout something unimportant, but I can't.
I don't want this imaginary things anymore.
I just wanted to live my life, the reality.
I don't want to stress myself about the uncertainty, I truly don't want to.
I guess, I'll just take a short break from my social life.

I'll sign out for a week, I guess and hopefully when I'm back, I'll feel better.
And by the time arrived, my mental would be stronger and healthier.
Hopefully.

07.49

Nobody remembers it.
No one remembers my birthday.
It sucks lol.
The only reason why I hate birthday is that being forgotten by others.
Yes, I'm seeking for their validation of my existence.
I know it's toxic but how can you ignore that?
How could you not hurt when you prepared everything and wish them a happy birthday during midnight but you received none.
Not even in the morning lol.
They totally forgot about it.
It just didn't reciprocate at all.
I hate it.
I hate this feelings.
I hate to be stuck with my overthinking mind.
It just seems not fair at all.
I'm tired. I'm tired of myself.
Hold on they said, but how can I hold on to this?
It's hard, hard to believe what they've done to me.
But no, I was just bot their priorities.
I just have to understand that right?

APPRECIATION POST

thank you for always with me.
thank you for never let me go.
thank you for always hold me tight.
all these years, have been amazing.
all ups and downs, all the happiness and tears.
thank you for showing how much I meant for you,
thank you for showing me your love.
it's hard.
in fact, I struggled a lot, but I know that you always exist for me.
you actually live in me.
with all your help and love, I could be here until now.
I could proudly tell the world that I'm belong to you.
all of me, every inch of me, were actually what you have given me.
I'm very glad that you always here with me, always giving the best for me.
all the choices, all the blessings.
Im so happy, happy to know how much I meant for you.
thank you for letting hold on you, thank you for always giving reason to stay alive.
thank you for always having me.
thank you for always having shoulders for me to lay on,
I'm so grateful and happy.
thank you.

Aku benar benar gatau apa yang aku rasakan saat ini,
Bimbang, gelisah, galau, semua bergumul menjadi satu.
Mimpi yang tlah kutunggu sejak lama, seakan lenyap begitu saja termakan oleh waktu dan situasi.
Iya, aku sedang menyalahkan situasi,
Aku sedang menyalahkan kondisi ini.
Rasanya berat,
Pahit dan juga sakit.
Mimpi yang selama ini kugenggam dan janji yang slalu ku pegang,
Kini harus terbang bersama ketidakpastian.
Rasanya berat banget,
Benar benar berat buat menerima semua ini.
Tlah kuhabiskan waktuku hanya untuk hari itu tiba,
Namun Tuhan berkata lain,
Kehendaknya tidak menyetujui keinginan dan mimpi yang dari dulu kugenggam,
Yang dari dulu kuidamkan.
Sakit dan kecewa yang kurasakan,
Bagaimana mungkin aku bisa melupakan dan melepaskannya dengan mudah?
Engga, itu adalah satu satunya mimpi yang membuat aku bertahan sampai sekarang,
Lantas bagaimana aku bisa bertahan ketika tempat berpegang aku telah tiada?
Entalah, nungkin,
Semuanya akan berakhir disini

He told me everything,
Well, not everything.
But, you told me about ur past, told me about things that you say u didn't tell anyone before.
You trusted me, as a friend.
But I really don't know whether you told me the truth or lie.
You said, you also don't know why you tell me all these things.
You said you don't know.
But you keep telling me things that i wished you never told me, so there would be no misinterpreted feelings.
It's hard to be honest to guess all of these shits cause I'm too busy and too tired to even think of these shits.
I'm not secure.
Yes, I'm not loving myself enough to accept for who I am.
I have no confident of myself, I feel so insecure.
I feel less.
I really don't want to stuck in this circle.
I mean, I'm not emotionally steady.
I guess there would be misunderstanding between us.
I've asked my guy friend as well,
And he told me that there would be no guy who would tell u everything if he didn't like u.
But, i guess he is wrong.
We are just friend right?
U don't have any feelings attached for me right?
Coz u say u r not ready as well for a relationship.
And u say u haven't moved on from ur ex right?
But, why u always tell me about things u didn't tell anyone else but me?
Why you speak to me with those soft tones that i never heard when u speak with others?
Why u keep teasing me with those cheesy words?

Lol.
I guess you were just playing and I know it's fun to have me as your target coz to be honest, I'm quite responsive person, so i guess you had a lot of fun lol
But, it's okay.
It's okay coz im good at acting too, good at playing.
I'll accompany you till the end.
Till the day when we become stranger again.

Listening to Comethru by Jeremy Zucker rn and guess I'm a lil bit too sentimental lately.

Watched the new K-drama called Start Up till eps 3.

Well, I have to admit that I'm not a big fan of any kind of drama lol.

IK, so weird. But I'm not really into drama and the only reason I watched this series just because lot of my friend been talking bout it and recommend me to watch it, exciting they said.

Recieved lot of texts too lately and perhaps some random calls from friends.

Yes, again. Not real friends. I mean, they are real, I could feel they are sincere to me.

Care a lot towards me too, but they are just a game friend, internet friends.

Feel lost these past few weeks, something hit me so hard that I couldn't bear myself to not cry out loud, which I did and that's good right?

Feel more better rn.

Never talked about my feelings to anyone, about how I actually feel for years.

Well, actually talked and told one of my recent close friend, she is kind, supportive and kind of always remind me to be better, to continuously upgrade myself.

I told her everything, about I felt these past few years, been super close with her lately.

Told her about my day, about whatever I wanted to talk about, our convo was just come naturally.

Although we are close, but I never completely told her everything, not everything I felt about, there is always something that we wanted to keep for ourself right?

I was just not ready enough to share that missing piece I've hold for myself these few years, that's always a doubt and fear whenever I wanted to share it to anyone that I'm close with.

At the end of the day, I always back to my principle, to not share everything with anyone.

Just keep it to myself and I think it's more than enough right?

I don't need anyone else's sympathy. I hate it.

I hate it when people look at me pityly.

I really hate it when I'm weak in front of people.

I tried hard to look strong and promise to myself to always keep it only and exclusively for myself.

Just me.

No one else and that'll be fine.

And at the end of the day, I'm still a human right?

Always have feelings, and always feel less.

We crave for more. Always.

And that's what I did, always feel less and never enough.

Better was just never enough for me. Not even feeling better than yesterday is enough for me.

I want more, I want more.

That's what my mind told me to have.

I know it's my fault to demand for more, to not being garetful for everything I have.

But, I just really want to feel great again, to not have this suck feelings all around me, to feel useless.

Tired.

The most used word in my dictionary.

Someone told me to stop complaining and start to be grateful for what I have in my life, to enjoy every little thing of my life, to not worry of my future, to just let everything flow naturally.

But, how can I do that? How can I not worry when there's a lot of pressure all around me, the burden they put was just too heavy.

In fact, I've tried to lift it up, to let it go, to enjoy every second and minutes in my life, to be grateful for what I have today, for what I am today.

But it still hard, so hard for me to not worry a single thing. I don't know and have no idea of what I might become in the future, or what I might go through.

It annoyed me a lot, a lot when I start to overthink everything.

To not be grateful but they won't get out of my head.

They just haunted me so bad to the point that I have to cry with no reason so that I could feel better.

But I honestly tired of crying. Tired of pitying myself. Tired of mood swing.

I've asked myself too, whether I would go back to the past if I could and I think the and is no.

Why? I don't know too.

Am I regretting anything from the past? Perhaps no.

But I hate for who I am today.

I really have no idea what's wrong and what's going on rn.

I'm completely lost.

I'm on call now with my internet friend.
Yeah, the one I talked about last time.
I don't know since when we got close.
We almost call everyday this week.
It seems crazy cause I haven't met him in person.
I know, what am I thinking now?
What the heck is going on with me.
It's one AM and I'm on a phone call with a stranger.
He trust me, he said.
He told me everything about his past, his ex, his job, his background.
He told me he never share his personal matter before to anyone.
But he never know why he trust me and tell me all this things.
He said he really simply didn't know the answer.
He told me about his problem, the girl he chased, about their problem and he also told me about his future plans, of course with his dream as well.
He told me everything.
But I never know whether it's a lie or not.
I just simply listen to him and become a good listener.
Sometimes I gave him advice and sometimes I consoled him.
I actually never see myself to get close with people whom I met online.
I never imagined how would it be and then the day just suddenly came.
It was like a surprise for me.
It's insane coz I really don't know who he is.
It's just crazy!
We really close to the point that we almost call everyday and just talk about nothing.
Yeah, nothing.

I have no idea why we call and say nothing to each other and every call would last at least 5-10 min
Okay, I'll tell u an instance.
He called me yesterday afternoon but unfortunately I didn't answer coz I have to help my mom.
Then, when I have my phone back with me, I saw he calling and I check my game to see whether he is online or not coz I dont want to disturb him while he's playing game (I know how frustrating it is when people call u during a game and the worst part is when u are on war)
So i checked him out.
And yes, he is online.
And he is at lobby and invited me to play.
And yes, I joined.
I asked him why he called me and I think he didn't hear me well and didn't answer.
Long short story, after we finished playing, I call him and asked why he called me just now
And guess what he said? 'Oh, nothing. I'm asking whether u want to play' and I go 'ahh, I see. Okay then'
And then I asked him 'u busy right now right? Not going to disturb you then'
And he said 'no, i'm not busy'
And end up
I accompany him while he is doing his work.
And end up we called for two freaking hours.
Like dude? I don't even know what we are talking about.
Other than that, I got a midnight call from him as well.
It's been a week since we call every night.
Okay, before you ask me, im gonna tell u that we didnt talk much, we basically say nothing and he played song until both of us fell asleep, until the call end itself (well, basically i have internet problem)
And it ended at freaking 3 am
Like dude, what's the point u guys call but never say anything?

But we both just feel comfortable this way and it's confusing.
Yeah, the call last for 2-3 hours.
Insane right?
But there's really nothing between us.
I also told one of my close friend about us, but never tell her that we call at night till fell asleep.
I told her that recently im so close with him (as a friend or maybe as family? Coz he always told me that im a sister to him)
She said ya that's fine but dont let things change and he have feelings with you
And I laughed everytime she said that to me.
I mean, it's impossible.
He only consider me as his sister and so am I,
I swear to God I only see him as my friend only.
And I really hope things wouldnt change and his feelings for me also never change, always look at me as his sister.
I just don't want to make things more complicated than it should be.
I do really hope things will stay like this.
I just don't wanna to hurt anybody else anymore,
I dont want to hurt people's feelings again because of my uncertainty, because of my insecurity.
Deep down on my heart, I know that I just want to be like others,
I want a relationship but I know,
I'm still not ready for it.
I'm still not ready of myself and still can't accept myself to the fullest, so why would I bother to make it more complicated.
Everything was just still not on my way, and I really hope that one day when I'm ready, God will send me the right person at the right timing.

im tired actually to not in a stable mental
felt sick.
it sucks.
it sucks to have people around think that u r suck but yes, im that sucks.
im tired.
im tired
and im tired.
i always say that im tired,
tired of everything
and wanted to give up on everything.
i hate this feelings.
really hate this feelings.
i hate it when i started to think that nobody wants me
nobody ever wants me
a person with sucks personality and negative vibes.
i hate it when im like this
but i really not under control
i couldn't control whatever that has happened earlier.
i know it's not right

00.05

hey everyone!
it's been a month since the last time i wrote and many things has changed.
a lot.
im no longer close to the person i talked about last time, the internet guy that see me as his sister.
things changed i guess.
and me, i'm just being myself, with all those negligence attitude who doesn't care at all.
in typical of person who really don't care whether u want get close to me or not.
i really dont care
if u think that u want to get close to me then, i'll be open to u, if only u r open as well.
i love when things are mutual.
but now, he suddenly gone? maybe?
well, not completely disappeared from my life, it's just not as intense as before.
we are no longer talking anymore, and he kind of busy with his life,
i didn't see him on game as well and it's okay for me.
i didn't miss him at all.
well, actually,
im here to say that i finally really understand that there's always a point where u will get close to someone and then, when things changed, ur relationship with them could also changed.
lots of things changed these few months.
i actually get close with another guy last nov'20.
we chatted full two months end of jan'21.
and suddenly stopped it all and again, me being ignorant didn't care with those things.
when it comes to things like this, it's not like i have a high

ego, it's just i believe that if u really care and im matter for you, you wouldn't stop it all.
it's not like i didn't care at all, it's just didnt fit to my logic.
i replied to all ur chats, although im quite late respond type of person, but i did reply all ur texts.
and when he suddenly stop it all, i stopped it too.
for me, it means we r not meant to be.
yes, as simple as that.
maybe it's because u r not impactful in my life? or perhaps u havent become a major part in my life? i dont know
perhaps it's because ur presence still not matter for me.
it was like
with or without you i still can carry on.
and anw do u guys remember the person i talked about before? my friend that i trust, the one i told almost all things about? the one that told me to be careful that things may change between me and the internet guy?
well, i think there's also a distance between me and her now. she is now gets close with a new person whom may be funnier, more mature and better than me.
ik, ik
ik perhaps this is just my feelings,
me and my anxiety
idk what im feeling rn.
it's kind of complicated.
i hate it when i started to overthink.
well, it's not in afraid that she will not close with me again.
it's really just me being insecure, fear of being not good enough
as a friend, sister, daughter or whatever it is.
ik i was being too insecure and not confident of my capability and self but, that's the fact.
that's the fact that im really not a stable person.
so many people asked me, why do i still single?
i have lived for 21 years and i have never been in a relationship. why?

cause im not stable enough.
i always crave for more, i always seek validation from others, i still can't accept for who i am, so how u expect me to accept others?
im still not comfortable with my flaws and imperfections.
im still not ready.
i wanted to be ready, but i can't.
there's too much on my head.
there's really too much until a point i afraid that i couldn't handle it anymore.
